Fig.17.

The screenshot displays a medical software interface with a patient information panel on the left, a central evidence panel, and a prescription panel on the right.

Patient Information Panel:

- Date : 10/12/00
- UWMC# : U0000002
- Name : Mickey Mouse
- BirthDate : 1/1/90
- OUTPATIENT PRESCRIPTION UNIVERSITY OF WASHINGTON
- Auralgan**
- Dose :
- Sig :
- Disp :
- Refills :

Evidence Panel:

Based on the results of the only RCT of Auralgan, four children need to be treated for one additional child to benefit. The reported benefit was a 25% reduction in otalgia at 30 minutes after treatment.
